FORMAL STATEMENT OF REVIEW
This document records a project review meeting between the two parties mentioned herein. The meeting was convened to demonstrate the current progress of the project, which was a week and a half away from delivery. • The client inquired about the functionality of sending emails at the time the request is paid. It was clarified that this feature is not included in the requirements, but they implement it once the project is delivered. • The client was pleased with the interface, particularly with how the colors of the cards reflect their status and how the transitions between states worked. • The development team needs to address some errors in the section for adding items to the request. • The client remarked that the request flow was outstanding. • The client requested to see the mobile part in the next meeting. • Overall, the client expressed satisfaction with the progress and said that the system was almost finished. Key Deadlines Review August 12   Last meeting review with client. August 15   Final delivery for the second half of the semester.
