FORMAL STATEMENT OF REVIEW
This document records a project review meeting between the two parties mentioned herein. The meeting was convened to demonstrate the current progress of the project, including request creation and status changes, and to discuss additional functionalities requested by the client.   - Filters for searching requests were demonstrated, showing the complete functionality of request creation and status changes.   - The ability to create quotes was also demonstrated.   - The client inquired about the functionality of the request search bar. It was clarified that this feature is not yet functional and is considered a non-critical extra. It was agreed that, if time permits, this feature would be implemented.   - The client requested that the statuses of the requests be color-coded according to the phase they are in. It was assured that this feature would be implemented in a future delivery.   - Overall, the client expressed satisfaction with the progress and relief that the project is on the right track.   Key Deadlines Review August 9   Last meeting review with client. August 12   Final delivery for the second half of the semester.
